Please Pray for this Safari

- * Pray that the team works well together and has the blessing of unity in the bond of peace, good health and rest when needed.
- * Pray for safety in the air and protection also on the ground during all transitions.
- * That interruptions become opportunities, and God's presence and power is evident.
- * Pray that each team member sees the 'ones' who God puts in their path - individuals who need Jesus' transforming grace.
- * Pray that the Lord is working drawing many in curiosity and hunger for the WORD that satisfies.
- * Pray that phone communication with contacts on the ground will be achieved as needed, as networks are not always reliable.
- * Pray against miscommunications, misunderstandings and the possibility of cultural offence.
- * Thank God and praise Him for His faithfulness in bringing this Safari to fruition.
