**THEME: Rivers in the Desert – Called and Chosen**

\*Pray that the team works well together and has the blessing of unity in the bond of peace, good health and rest when needed.

\*Pray for safety in the air and protection also on the ground during all transitions.

\*That interruptions become opportunities, and God's presence and power is evident.

\* Pray that each team member sees the 'ones' who God puts in their path - individuals who need Jesus' transforming grace.

\* Pray that the Lord is working drawing many in curiosity and hunger for the WORD that satisfies.

\* Pray that phone communication with Contacts on the ground will be achieved as needed, as networks are not always reliable.

\*Pray against miscommunications, misunderstandings and the possibility of cultural offence.

\* Thank God and praise Him for His faithfulness in bringing this Safari to fruition.
