-

Please Pray for this Safari*

- *Pray that the Lord in His mercy prepares hearts and minds to receive His transforming grace.
- *His Word will be faithfully proclaimed. Pray for all the team's preparations to be on target.
- *For many to be drawn into the meetings, overcome hindrances and doubts.
- *Fly/drive - Pray for safety in the air and on the roads - protection also on the ground during all transitions.
- *For the team's powerful and clear communication of God's love and grace, in words, actions and cultural responsiveness.
- * Pray that the team members discern, in each community of believers, the values, concerns and priorities of the day, so as to be relevant and apply God's Word well.
- * Pray for curiosity and hunger for the WORD of God. Pray for distribution pathways to be found; new leaders to get KYB and KYB TOO in use in the Communities that have welcomed CWCI; for the uptake of Easy English KYB translations where needed, and ways to use oral translators when preferred.
- * Pray for good communications before and during safari between team and contacts.
- *Thank God and glorify Him for He is faithful in bringing this Safari to fruition.
