---

**Please pray for this Safari**

- \* For protection and health for the team and their families. For reliable communications.
- \* For safety on the roads both in rural areas at night and on National highways by day.
- \* For those who come, that their hunger for encouragement and strength will be satisfied.
- \* For no cancellation of any venue or meeting, including health for all the contacts, billets & their families.
- \* For Heather as she presents her messages that the power of God's Word ignited by the Holy Spirit speaks through her. That she will always 'read the room well' and know the best talk to give.
- \* That new KYB groups will be seeded and curiosity and take-up of KYB, where it is not known, will grow.
- \* That a Safari Administrator will be found for WA Regional Board. That this route, or part thereof, might become an Annual Regional Safari.
